MAY 16, 2017

May [God] give you a spirit of wisdom and of revelation in the knowledge of him –**Ephesians 1.17**

May God bless you and your families. I pray that you will continue to grow in the knowledge and understanding of God's word and will.

## OUTREACH & ADVERTISING

I have started handing out fliers at the bus stop again. The warmer weather makes for easier conversations with people. It's hard to get started again after such a long break. I pray that God will help put me in contact with hearts interested in his word.

We mailed out a second round of advertising last week. There has been little response from these neighborhoods. We typically hear more from the second card, but haven't heard anything yet. A third card will be mailed to these neighborhoods within the next month.

## MOHAWK VALLEY CHURCH

The church is gearing up for a gospel meeting with Roger Polanco this weekend. His series is about The Life of Elijah. Everyone is excited to spend the weekend together learning & studying.

Our congregational studies continue well. It is a joy to hear hearts of students grow in knowledge and understanding. The questions and discussion in each class reveal growth in the congregation. Simon has almost completed his Sunday morning study of the book of Leviticus. I am over halfway through our Tuesday evening gospel of John study.

## BUNTING FAMILY

I taught a gospel meeting at the Wildecroft Maryland church of Christ last month. This is a congregation that helps support me in my work in Albany, and it was a joy to visit with them again. The series of lessons was about the Resurrection. I found that looking into the details and promises of the resurrection was an encouraging study.

The following weekend, Simon and I went down to Exton, Pennsylvania for the Exton Two Day Study. Heading down on Sunday afternoon, I was able to preach at the Exton church of Christ, another church that supports me. Visiting with these Christians, and the following two days of study is something I look forward to every year.

Over the past few weeks the trees have turned green, the grass was mowed and the daffodils bloomed. It is exciting to see spring coming along. We're all enjoying our time playing and working outside.

Jack and Thomas have nearly completed their school year, and everyone is excited. Heather is a diligent teacher, providing them with a grounding in God's word, good reading material and a learning environment that fosters a love of learning.
